AVS/IVSA UK & Ireland Elections 2021

Name: Jack Conway

Position: JVP

Vet School: RVC

Year: 2

About me:

My name is Jack and I am the Comms officer for AVS this year. I am a second year RVC student. I am an avid rowing and am a ex professional esports coach. I also work for the RVCSU. My favorite animal is a Penguin (just for extra knowledge)

Experience:

My experience is working as the Comms Officer this year, helping the Exec committee with Tech issues and anything they really need. I have gained a great understanding and insight into the workings of AVS and would like to expand on that more as being JVP. I feel like I have a great working relationship with BVA, RCVS as well as the exec committee this year and think I have the qualities to bring new ideas to AVS.I also work with the exec committee of RVCSU. This role has also taught me a lot about work and time management.

What I would try to achieve in my role:

In my role I would like to continue the work of the JVP, Pres and SVP this year in their work with the Vet Schools Councils, RCVS and BVA in response to COVID19 and the mental wellbeing of students, especially freshers, who have missed out this year and have had their work disrupted. I would like to make others experience with AVS as good as mine has been. I would also like to work with reps to improve the knowledge and relations of AVS with vet schools around the country and help Harper Keele to integrate successfully into AVS

Why you should vote for me:

You should vote for me as I have first and second hand experienced what Izzie's life has been this year and it has still not put me off. I also feel like I have the necessary leadership skills to help AVS move into the digital age of social media, especially as most things have gone online due to COVID and are likely to continue. I also have experience with working with lots of different people, public statement writing and feel I can bring some 21st century ideas to AVS
