About me:

I am a 1st Year Vet Student at RVC. I spend my free time rowing or working. I am an ex professional video game coach playing internationally in South East Asia and the United States. When finishing my degree, I would like to work with Penguins or specialize in Avian veterinary.

Experience:

I have a large amount of experience within this type of work. I ran social media for professional video game teams as well as run the social media and website for the Royal Veterinary College Students' Union. I am proficient in Adobe Creative Suite and Microsoft Office as well as running social media accounts. I also have knowledge in HTML, CSS and Javascript.

What I would try to achieve in my role:

I would like to increase the promotional ability and social media presence of AVS as social media is the way forward in communication and interaction with users. This would help with promoting of events such as AVS Sports Weekend and Congress to further push what AVS do.
